

FCC Commissioners  
The Federal Communications Commission RE: Docket 04-435  
445 12th Street, SW  
Washington, DC 20554

Dear FCC Commissioners ,

I am writing to voice my concerns about the FCC's proposal to relax the restrictions on the use of cell phones on airplanes in flight.

As a retired flight attendant, I have been told constantly by pilots (just last week, for example) that there is no question that cell phone use is definitely a problem for the instruments in our completely electronic airplanes.

In addition, the lack of concern for other people which many cell phone users show will be even worse when they have nothing to do while in flight for many hours. please leave the rules as they are.

Sincerely,

Susan Harrigan
